OCTOBER 2026

Final Stretch

As we approach the final months of 2026, Rafikistry continues to focus on creating opportunities for children and young people. With ongoing fundraising, a children's walkathon and holiday activities at Kisima Community Library, there's plenty to look forward to.

Here's what's coming up.

Moving Closer: The Dabo Dabo Countdown Is On

Our Tuko Dabo Dabo fundraising campaign continues as we work towards unlocking the KES 1.2 million matching commitment from KCDF. With December 12, 2026, as our deadline, we are calling on individuals, organisations and partners to be part of this effort through financial and in-kind contributions.

Every contribution brings us closer to strengthening Kisima Community Library and creating more opportunities for the children and young people it serves.

The countdown to December 12 is on.

4KM for Kisima Community Library

Since its establishment, Kisima Community Library has continued to provide children and young people with a space to read, learn, explore and discover opportunities. As more children make use of the library, the demand for resources and capacity to sustain and expand its services continues to grow.

On November 20, 2026, children, facilitators and partners will come together for a 4KM walkathon to support our ongoing fundraising efforts and help meet these growing needs.

We'll be walking in black and white, united by a shared purpose: keeping opportunities accessible to the children who need them.

Date: November 20, 2026

Distance: 4KM

Dress code: Black and White

Every step counts. Walk with us!

November–December Holiday Programme

The November–December school holiday period presents an opportunity to extend learning, creativity and meaningful engagement beyond the school environment.
At Kisima Community Library, preparations for the holiday programme are complete, and children have begun taking part in activities across the library.

The programme brings together reading, digital learning, creative arts, games and other experiences designed to support children's learning, curiosity and social development.
As the holidays continue, we look forward to creating more opportunities for children to learn, interact and make the most of their time at Kisima.

Be Part of What Comes Next

As Rafikistry continues its work with children and young people, we recognise the value of the individuals, organisations and partners who make this work possible.

We invite you to continue walking alongside us through partnerships, contributions, resource mobilisation and shared opportunities.

Together, we can strengthen the spaces and programmes that enable children and young people to learn, grow and explore their potential.

Thank you for being part of the journey.
